ISRAEL DEFENSE FORCES: A STATE WITHIN A STATE

52', 2x52' & 90'

Production: Hikari & Pictanovo for ARTE G.E.I.E.

With the current conflict in Iran, this film offers a rare incursion into the Israel Defense Forces, turned army of occupation with increasingly contested methods, to decipher its history, current and future challenges, at the core of a Middle East in the throes of explosion.

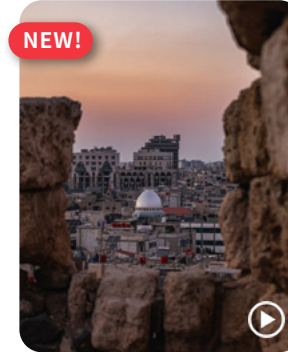

TEHRAN CONFIDENTIAL

2x52'

Production: Program33 for ARTE France

An investigative documentary – more relevant than ever – revealing how the Islamic Revolutionary Guard Corps operates as a powerful political and economic force in Iran, exercising extensive control that blends elements of authoritarianism, oligarchy, and militant influence.

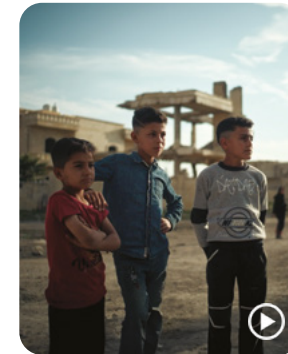

HOMS, SYRIA: LIFE AFTER

55'

Production: Zadig Productions
for Public Sénat

Thanks to Daham Alasaad's close relationship with the city's residents, the filmmaker sheds light on deeply moving individuals, torn between grief, fear, a need for justice, and a desire for calm and reconciliation. By opening up naturally to the camera, they allow viewers to experience what Syrians are living through today in all their diversity.

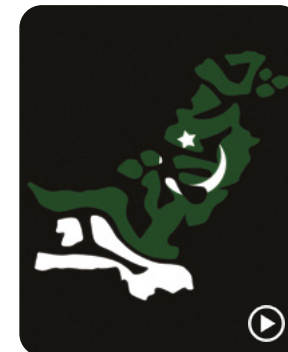

RAQQA: SHATTERED LIVES

52' & 70'

Production: Tohubohu for France Télévisions

In 2014, the city of Raqqa fell into the hands of the Islamic State and found itself caught in the middle of a terrible crackdown. Today liberated, the city is still in ruins, and its inhabitants abandoned to their fate. At the crossroads of the intimate and the geopolitical, this documentary plunges us into the heart of the inextricable Syrian conflict.

SAMADHI – WE ARE ONE

Production: RSI & Frama Film International

2x52', 7x15' & 100'

“Samadhi” is an ancient Sanskrit word meaning “we are one.” Setting itself apart from other documentaries, this film follows seven stories of true love and friendship between humans and animals from around the world. An emotionally rich experience – funny, touching, and sometimes sad. We discover there are no barriers between “us” humans and “them” animals – the only barriers we find being those we, humans, have invented. From the German forests to the jungles of Borneo, we feel the magic of these unpredictable and moving connections.

LADY SQUIRREL

MONGOLIA, VALLEY OF THE BEARS

4K 90'

Production: Lato Sensu Productions for ARTE France

The Taiga, also known as the boreal forest, represents about 17% of the Earth's surface and has the highest density of rivers and natural springs in the world. In Mongolia, its primary forests and pure waters have kept an entire population nomadic on its lands for thousands of years. The mission of this former local hunter is now to enforce the law of environmental protection, whose objective is to put an end to illegal mining, but also to traditional practices of hunting and nomadism. A very delicate mission for a just cause to which the chief ranger is trying to rally more and more forest guards from the disgruntled local communities.
